To Whom It May Concern,

I am writing to express my support for the For Pete's Sake Cancer Respite Foundation and their invaluable work in providing respite experiences for cancer patients and their families.

For Pete's Sake offers a unique and compassionate approach to cancer care by providing patients and their loved ones with a much-needed break from the rigors of treatment. Their respite experiences offer a chance for families to create lasting memories, find solace, and rejuvenate their spirits during a difficult time. This holistic approach to cancer care is essential in promoting the overall well-being of patients and their families.

James Hardie Building Products is proud to be supporting For Pete's Sake with a significant product donation. We know the profound difference that these respite experiences make and are honored to contribute to making this place possible.

I wholeheartedly endorse For Pete's Sake Cancer Respite Foundation and their mission to provide comfort, joy, and hope to cancer patients and their families. I encourage others to join us in supporting this worthy cause, as it truly makes a difference in the lives of those who need it most.

Thank you for considering this letter of support.
