Dear FPS Supporter,

I am writing this letter in support of the For Pete's Sake Cancer Respite Foundation and its endeavor to construct the nation's first Cancer Respite Center at Woodloch Resort in the mountains of Northeast Pennsylvania.

Kimmel Bogrette has supported FPS since we were introduced in 2020. We have sponsored their annual Gala and Fundraising Walk, but most importantly have been their partner in designing the new Cancer Respite Center. In early 2020 our team donated hundreds of hours of 3d rendering and drawings to help the FPS team start planning out the project and to kick-off the fundraising efforts. This has evolved into our firm being retained to complete the design of the entire campus and help transform FPS' vision into a reality.

This project is very special to me not only from our company perspective, for its unique mission, but on a personal level. In September of 2021, I was hit by a driver who was texting, leaving me paralyzed from my chest down. My life was changed in an instant, and the path I had forged in my mind for myself, my company, and my family changed forever. I spent over 3 months in the hospital recovering and learning how to live in a new body. For the first time as an architect and a person, my perspective was changed. I had always recognized the important work that FPS did in helping people fight this terrible disease, but now I felt I understood its importance. I understood that you cannot control what life gives you, I understood that you must fight, and I understood that you must accept help. That is exactly what the FPS cancer respite center will do. It will help those with cancer fight, heal, and to be with their families. I could not be more honored to be a part of this life changing project.

I hope that you can be part of this generational endeavor and lead the FPS Community with a leadership naming opportunity.

Please feel free to call me with any questions you may have about this amazing undertaking.

Respectfully yours,

A handwritten signature in blue ink, appearing to read 'Joe Horan', is written over a light blue circular stamp.
